Concerning issue, about a year ago resident at 65X W. Port Au Prince said her house got broken into while she was on vacation. She didn't tell security or HOA she was going on vacation, but when she returned and reported issue she told us that there would never be a car parked in her driveway. Tonight I found a **Silver Mazda Series 6 AZ plate BPP7849** parked in driveway. Tried to get a hold of resident, but no one answered door. Would like to ask someone get a hold and check on resident during day.
