

Attention Moon Valley Neighbors:

We are being made aware of more burglaries during this Christmas and Holiday season ranging from mailbox thefts, home break-ins, to belongings stolen from cars. A few suggestions:

- Consider locking mailboxes
- Keep your homes secure with security alarm service and good lighting
- If not parked in a secure garage, keep your car locked and make sure no garage remotes are left in the car
- Be observant and if you witness a crime, call 911. If you notice a suspicious car, individuals, contact crime stop.
- Share information with the neighborhood on social media app: nextdoor

Be aware and we all must stay vigilant. Through security membership dues, MVNA budgeted for 7×24 patrol service through Community Action Security for increased monitoring during this holidays. It is making a difference, but we could do more with increased membership. Today we have less than 50% of the 1600 homes subscribing and we could do so much more with expanded participation, funds. If you are not a subscriber, please join in 2017 as you are helping improve the safety and security of our neighborhood.
